SOURCE

- Because of Chinnampo's importance as a harbor, the Home Affairs Department of the North Korean People's Republic has established in Chinnampo a detached Political Security Section, the activities of which will include 1. counterespionage and political ideology (sic).
- As nearly as can be determined, the Section is comprised of seven agents and probably includes a number of informants.
- According to source, Chinnampo is the only place known to have such a Section. 3.
